Personal Information

I am an enthusiastic and dedicated entry-level web developer with a
passion for creating dynamic, user-friendly and consistently responsive websites. With a solid
foundation in HTML, CSS, JavaScript and React. I am excited to apply my skills
to bring innovative ideas to life. I have a deep interest in computer science
and a desire to understand every aspect of the modern internet.

Education

HTML, CSS, and JavaScript programming, resulting in a comprehensive
understanding of front-end web development techniques and technologies.
Utilized advanced debugging and problem-solving skills to identify and fix complex
coding errors in online applications, leading to improved functionality and a more
user-friendly experience for site visitors.

EXPERIENCE

Hot Tub Repair technician Jan 2019 - Jun 2020
Spa Palace, Colorado Springs, CO
Spa Palace

Repaired and maintained hot tubs for residential and commercial customers,
ensuring all work was completed to high standards and within agreed timescales.
Conducted detailed diagnostic assessments to identify faults and recommended
solutions, saving customers time and money.
Installed and upgraded hot tub systems, including pumps, heaters, and control
panels, ensuring seamless integration with existing equipment.
Communicated effectively with customers to provide clear explanations of repair
work and offer recommendations for ongoing maintenance, resulting in positive
feedback and repeat business.

Drilling Fluids Technician Feb 2009 - Jan 2012
New Park Drilling Fluids, Midland, TX
New Park Drilling Fluids

Successfully managed drilling fluid systems for multiple drilling rigs, ensuring
optimal drilling efficiency and cost savings.
Conducted regular testing and analysis of drilling fluids, resulting in early detection
of potential issues and prevention of costly equipment damage.
Collaborated with drilling engineers and geologists to design and implement
specialized drilling fluid programs for challenging drilling conditions, resulting in
successful project completion.
Trained and supervised junior drilling fluids technicians, improving overall team
performance and productivity.
